Storage Capacity	Photos: 3000 <u>OR</u> Video: 30 min. Storage capacity is approximate.
File Format	Photo: JPEG Video: AVI
Connectivity	Wireless Connectivity: 3.0 & BLE + EDT Micro-USB Cable: 2.0 HS (Included for connecting to computer)
Battery	Lithium Polymer battery (non-replaceable)
Battery Life	Low Usage: 5 Days Typical Usage: 2 Days Heavy Usage: 8 Hours
Optimum Operating and Charging Temperature	14°F (-10°C) ~ 140°F (60°C)
Frequency Band(s)	2402MHz-2480MHz
Max. Radio Frequency Power Transmitted	-2.3dBm

#### MICRO-USB PORT (-

NOTE: An adult must charge the device and connect to a computer.

Use the included Micro-USB Cable to connect the device to your computer to transfer photos and videos and to charge the device.

1. Open the cover over the Micro-USB port on the smartwatch. 2. Insert the Micro-USB side of the cable into the port.

Insert the large USB end into a USB port on your computer.

## **BATTERY CHARGING**

Prior to use, it is recommended that you fully charge your L.O.L. Surprise!  $^{\text{\tiny{IM}}}$  Smartwatch, Camera & Game for optimal performance. **NOTE:** The device should be OFF prior to charging. To power OFF, hold the home button for

about 5 seconds, until a sound plays and the device shuts off.

1. Remove the watchband or clip/stand from around the smartwatch. 2. Insert the larger end of the Micro-USB cable into a USB port on your computer.

3. Lift open the cover over the Micro-USB port on the smartwatch and insert the Micro-USB

4. A battery symbol will turn green on the screen once the device is fully charged. Remove the device from the Micro-USB cable. Do not over charge the battery.

5. You can now turn on the device, add your favorite accessory and begin playing.

Open the port cover on the underside of the smartwatch and plug the Micro-USB end of the cable into the port. Plug the charging cable into the USB port on your compute

• See page 24 for more **BATTERY INFORMATION.** 

### SYSTEM REQUIREMENTS

Compatible systems include Microsoft® Windows XP, Windows® 7, Windows® 8, and Windows® 10 Operating System or a Macintosh Computer with macOS X version 10.13 and 10.14. Other operating systems may be compatible or eligible for upgrade to a compatible system. USB port required.

#### FIRMWARE UPDATE

Before beginning, it is important to check for any available firmware updates so that your L.O.L. Surprise!™ Smartwatch, Camera & Game is operating optimally. To update the firmware: 1. On your computer, download the latest firmware pack from mgae.com/customer-care/firmware

2. Unzip the firmware pack. 3. Turn off the smartwatch by pressing and holding the home button on the front of the device for

about 5 seconds until a sound plays and the screen turns off. 4. Follow the steps on page 4 to connect the Micro-USB Cable to the device and your computer 5. Look for the drive on your computer named LOLSurprise. A charging icon will show on the device's

touchscreen 6. Quickly tap the screen 5 times to unlock. Then, an unlock icon will appear on the device's

7. Copy all files in the firmware pack folder to the drive on your computer named LOLSurprise. 8. Choose "Replace all files in destination" when the computer prompts you to do so.

9. Properly eject the device from your computer when copying is finished. Then, remove the Micro-USB Cable. 10. Turn on the smartwatch. A firmware update screen will be displayed on the device. Press the

check mark icon on the screen to complete the firmware update. NOTE: After the device cycles back on, it is recommended you turn it off and back on again to confirm the update was successful.

#### STARTING UP THE SMARTWATCH

To turn on the L.O.L. Surprise!™ Smartwatch, Camera & Game, press and hold the home button on the front of the device for about 5 seconds until the screen turns on and a sound plays. When you first start the smartwatch, ensure the firmware is up to date, as mentioned above. Make sure the device is fully charged (see page 4). To begin, you'll be prompted to set the language, date format, time, and name of the device. For more information on how to set these features, see **SETTINGS** on pages 16-18.

#### **WAKE UP THE SMARTWATCH**

After about 25 seconds of inactivity, the touchscreen will go dark. If you're wearing the L.O.L. Surprise!™ Smartwatch, Camera & Game on your wrist, raise your arm and turn the device toward you to wake it up and light up the touchscreen. If it is in the clip/stand, lift the L.O.L. Surprise!™ Smartwatch, Camera & Game to light up the touchscreen. You can also press the home button once to wake up the device.

### WIRELESS CONNECTIVITY

Your L.O.L. Surprise!™ Smartwatch can connect to other L.O.L. Surprise!™ Smartwatches using wireless connectivity. To connect, open the Menu Mode and select the wireless connectivity icon in **SETTINGS**. Make sure wireless connectivity is toggled to the ON position (button turns green). Now, you can share photos and message with other L.O.L. Surprise!™ Smartwatch users. Users must be close by to connect over wireless connectivity For example, about 50 ft. (15m) or less unobstructed. The device must also have sufficient battery power to connect wirelessly and share photos and messages. **NOTE:** Wireless connectivity is only compatible with other L.O.L. Surprise!™ Smartwatches, and will not onnect to other types of devices. Users receiving messages must accept the message from their device before they can view it.

## **USING THE DUAL CAMERAS**

There are two cameras on the L.O.L. Surprise!™ Smartwatch, Camera & Game, a front-facing camera on the smartwatch's surface and an outward-facing (P.O.V.) camera on the top of the device. Open the Camera or Video applications to use the camera. View your images and videos in their respective galleries on your device. For more information, see pages 10-11.

## connecting to a computer with the Micro-USB Cable, as the device must be off. Properly

eject the device from your computer, unplug the Micro-USB cable, and turn the device or before using these features.

## TRANSFERRING FILES FROM THE SMARTWATCH

To start, plug the device into your computer using the included Micro-USB cable, and follow the instructions on page 4.

On your computer, you will see a removable drive called LOLSurprise, Click on this drive to transfer files from the device to your computer using the folders called PHOTOS and VIDEOS. Copy and paste the files in these folders to the desired location on your computer. TIP: Photo and video files will not be deleted from the smartwatch until you manually delete them on the device by pressing the trash can icon in the photo and video apps.

You cannot load photos or videos from other devices onto the L.O.L. Surprise!™ Smartwatch, Camera & Game, as the file types may not be compatible.

**NOTE:** Once the device is connected to your computer, do not disconnect the smartwatch or the cable while files are transferring. Once your smartwatch completes the transfer, properly eject the device from your computer. Then, physically disconnect the cable and the smartwatch.

#### **WEARING THE SMARTWATCH MENU MODE**

As with all wearable devices, some users may have skin sensitivities that are irritated by wearing the watchband for extended periods. Irritation may occur from moisture, sweat soap or other irritants that get caught between the band and the skin. If irritation occurs, remove the watchband. It is not recommended to wear the watchband to bed at night or for extended periods. Always keep your wrist and the watchband dry and clean. To clean the band, wipe it off regularly with a damp cloth and dry thoroughly.

Avoid wearing the watchband too tightly, which may also contribute to skin irritation. The band should not be too loose so that is does not stay in place properly, but it should also not be so tight that is uncomfortable to wear. If you notice any redness or swelling or other skin irritation, remove the watchband and consult a doctor if necessary.

If you do find that your skin is sensitive to the watchband, it is recommended you use the included clip/stand to play with the L.O.L. Surprise!™ Smartwatch, Camera & Game.

### **USING THE CLIP/STAND**

In addition to wearing the L.O.L. Surprise!™ Smartwatch, Camera & Game on your wrist, you can use the included clip/stand to attach it to your clothing or use it as a display stand on a table. The smartwach will still count your activity, steps, and motion if you clip it to your clothing, but will not track activity if used as a stand. For the most accurate activity tracking, wear the device on your wrist or clipped onto your waistband. TIP: For both the watchband and the clip/stand, make sure the device's arms and legs are

able to move in and out of the casing. Ensure a proper fit before use.

Use the lock at the top of the clip to secure the clip in the closed position. Lift the clip slightly to use as a clip-on accessory.

Lift the lock and open the clin fully to use as a stand. Lowe the lock into place

#### using a USB port on your computer. . Make sure to charge the device regularly, even if it is not in use. A battery that has not been charged

## **LiPo BATTERY SAFE USAGE**

This device is equipped with a Lithium Polymer (LiPo) rechargeable battery. Please pay attention to the following cautions for safety use:

- Before recharging, allow the battery to cool for at least 10 minutes after use. • Do not dispose of the battery in fire or extreme heat.
- Do not use or leave the battery near a heat source such as a fire or a heater.
- · Do not strike or throw the battery against hard surfaces
- Do not immerse the battery in water
- When recharging, only use the Micro-USB Cable specifically included for that purpose.
- Do not over-charge the battery.

Keep the battery in a cool, dry place

- Do not directly solder the battery and pierce the battery with a nail or other sharp object. • Do not disassemble or alter the battery.
- Charge the battery as necessary. Failure to charge the battery frequently may result in a
- battery that will no longer accept a charge. • Do not transport or store the battery with metal objects such as necklaces, hairpins, etc.
- Please recycle a used battery after covering the battery wires/terminals with electrical tape or by inserting it into an individual poly bag. Check local laws and regulations for recycling and/or disposal information.
- Under the environment with electrostatic discharge, the product may malfunction and require the user to reset the product by turning it off and back on again.
- Rechargeable batteries are only to be charged by an adult.

## **BATTERY LIFE AND MAINTENANCE**

Check the battery charge level on the guick menu view. If the battery is yellow, it's time to charge soon. If the battery is red, charge the battery as soon as possible.

SAGE	BATTERY LIFE
sage	5 Days
ıl Usage	2 Days
Usage	8 Hours

Charge the battery regularly to maintain optimum performance, even when the device isn't regularly in use. For example, charge the device at least once every six months. Turn the device OFF before charging the battery. Keep the device OFF when the device will not be in use for an extended period.

This chart is only an estimate of the projected battery life before charging is needed.

#### **FCC COMPLIANCE**

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver
- Consult the dealer or an experienced radio/TV technician for help. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two

conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

Caution: Modifications not authorized by the manufacturer may void users authority to This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation

Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: 1. This device may not cause interference, 2. This device must accept any interference, including interference that may cause undesired operation of the CAN ICES-3 (B)/NMB-3(B).

ess the play button to start the stopwatc

#### **WATCH SCREEN MODE** Press the home button to rotate the display to WATCH SCREEN MODE.

Swipe left or right on the touchscreen smartwatch surface to select from over 50 watch faces. Stop swiping to set the watch face that you like. Alarm Clock:

#### This toy produces flashes that may trigger epilepsy in sensitized individuals. A very small percentage of people, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain light patterns or flashing lights. While this product does not contribute any additional risks, it is recommended that parental supervision is enforced during play. If you experience any dizziness or altered vision, disorientation or convulsions, IMMEDIATELY discontinue use

and consult a physician. Focus on screens in close proximity for an extended amount of

time may cause fatigue or discomfort. For every one hour of play, take a 15 minute break,

## **CARE AND MAINTENANCE**

or take breaks more frequently as needed.

**↑** WARNING

- Always keep the port cover closed during use to prevent water or debris from entering the device. Only open the port cover to connect the device to your computer. Keep the device clean by wiping it off with a slightly damp cloth and drying it thoroughly. Do not place the device under running water or use harsh chemicals or abrasive materials
- Remove the device from the watchband and clip/stand to clean. Wine the accessories with a damp cloth regularly to keep them clean. Always air dry; do not subject to heat. • Keep the device and accessories out of direct sunlight for long periods of time. Do not expose the device or accessories to direct heat sources.

• Keep the camera lens clean. If pictures are blurry, it could be because dust or dirt is

accepts a charge. See BATTERY LIFE AND MAINTENANCE on page 24.

covering the camera lens. Wipe clean with a dry, soft cloth and/or blow gently on the lens to remove any debris. • If you do not plan to use the device for an extended period, it is recommended that you turn the device off. Regularly charge the battery when not in use to ensure the battery

## **SPLASHPROOF**

2. Do not place the device under running water.

**RESTARTING THE WATCH** 

While your device can withstand splashes from washing your hands or dancing in the rain, it is not recommended to submerge the device in water.

To prevent water damage: 1. Always ensure the cover over the Micro-USB port is completely closed to prevent water from getting inside the smartwatch.

Do not drop the device on a hard surface to prevent damage

If your device is unresponsive or if you wish to reset the watch to the way it was upon unboxing, press and hold the home button for 8 seconds to reset the watch. NOTE: You may need to reset all custom settings.

3. Do not submerge in water or wear while showering, bathing or swimming.

#### **BATTERY DISPOSAL** 'Let's care for the environment!
